PROFESSIONAL SUMMARY

Data-driven third-year undergraduate in Banking & Investment Sciences, specializing in Business Intelligence and Data Analytics. Proven track record of transforming complex sales and customer datasets into actionable business insights. Proficient in leveraging Python, SQL, and Power BI to develop interactive dashboards, build robust data models, and support strategic decision-making.

Education

Science Valley Academy
Management, Finance, and Information Systems
Bachelor of Finance in Banking & Investment Sciences, Minor in Data Analytics

Cairo, Egypt

October 2023 – Present

Experience

Professional Data Analyst Trainee

Digital Egypt Pioneers Initiative (DEPI)

July 2026 – Present

Alexandria, Egypt

- Developing practical skills in data analysis, data visualization, and business intelligence.
- Building a stronger foundation in data-driven decision-making and professional data analysis

Data Camp 25/26 Internship Program

GDSC – EJUST

June 2026 – Present

Remote

- Participating in the Data Camp 25/26 program to strengthen technical and data-related skills.
- Developing practical knowledge through structured learning and hands-on activities

Business Development & Sales Internship

Nile University

June 2026 – Present

Remote

- Supporting business development and sales activities
- Developing practical experience in communication, business operations, and customer-focused processes.

Sales Analyst

Re-Lease

May 2026 – Present

Alexandria, Egypt

- Supporting sales analysis and business-related activities
- Applying analytical thinking to understand sales performance and support business decisions

Power BI Internship

Creativa Hub Alexandria

February 2026 – March 2026

Alexandria, Egypt

- Developed interactive Power BI dashboards to visualize key business metrics.
- Used Power Query for data cleaning, transformation, and preparation.
- Created DAX measures and calculated columns to enhance reporting and analysis.
- Worked with team members to translate business requirements into data-driven solutions.

Egyptian Banking System Model (EBSM) Internship

E- Bank

October 2024 – November 2024

Remote

- Developed the Egyptian Banking System Model (EBSM) to simulate banking operations in Egypt.
- Analyzed financial data to better understand banking workflows and customer interactions.
- Conducted scenario testing to support decision-making related to risk management and liquidity.

COURSES & CERTIFICATIONS

Data Fundamentals

IBM Duration: 7 Hours

August 2026

Credential ID: [b4b3f0c3-cf2d-43b9-8b23-153d1dec9d4b](#)

Power BI Dashboard [Link](#)

Creativa Hub Alexandria

June 2026

Duration: 24 Hours

Huawei Cloud Developer Certification – HCCDA: Tech Essentials

Huawei

February 2026

Credential ID: HWENDCTEDA574454	
Valid Until: February 4, 2029	
Artificial Intelligence Fundamentals	January 2026
IBM	Duration: +10 Hours
Credential ID: 647781f4-5758-40d3-aa95-235eccdc59f	
Digitera Link	December 2025
I Career	
Google Data Analytics Professional Certificate	December 2025
Google	Duration: 6 Months at 10
Hours/Week	
Credential ID: NOT1T4RK225L	

Projects

- Salla Call Center Performance Dashboard | *Power BI, DAX, Data Modeling, Data Visualization***
[GitHub](#)
June 2026
- Developed an interactive Power BI dashboard to analyze call center performance and operational efficiency.
 - Built KPI measures to track **2M calls handled, 90% efficiency, 91% service level, and 1% abandonment rate**.
 - Created interactive views for monthly performance, agent performance, call volumes, and abandonment trends.
 - Applied data modeling and DAX to support accurate calculations and dynamic filtering.
- Dynamic Data Analysis Dashboard | *Excel, CSV, Data Visualization, AI***
[GitHub](#)
May 2026
- Developed a dynamic dashboard to transform raw CSV and Excel files into actionable business insights.
 - Implemented automated data parsing and data-type detection for single and multiple datasets.
 - Built KPI visualizations, trend analysis, distribution charts, and a searchable raw-data explorer.
 - Integrated AI-generated insights to identify top performers, bottlenecks, and volume trends.
- Electronics Retail Executive Dashboard | *Power BI, Power Query, DAX, Data Modeling***
March 2026 -April 2026
- [Link Dashboard](#)
- Developed an end-to-end Power BI dashboard to analyze electronics sales performance and customer behavior.
 - Built a **Star Schema** and optimized relationships for reliable business analysis.
 - Created DAX measures for **AOV, ARPC, and return rates**.
 - Identified key insights including a **17% return rate** and high-value customer segments.
- Digital Workflow Automation – Digitera Final Project | *Google Workspace, Notion, Trello, Zapier, Canva AI***
November 2025
- December 2025
- [Link Dashboard](#)
- Designed an end-to-end digital workflow to address a real business problem using no-code and automation tools.
 - Mapped processes, organized data, managed tasks, and implemented workflow automation.
 - Applied the **SCQA framework** to structure the problem, analysis, solution, and expected impact.
 - Improved workflow efficiency by reducing manual tasks and streamlining digital communication.

TECHNICAL SKILLS

- Data Analysis:** Data Cleaning, Data Transformation, Exploratory Data Analysis (EDA), KPI Analysis
- Business Intelligence:** Dashboard Development, Data Visualization, Business Reporting , Looker Studio
- Data & Querying:** SQL, Excel, CSV Data Processing
- Power BI:** DAX, Power Query, Data Modeling, Star Schema
- Cloud & Technology:** Huawei Cloud, Cloud Computing, Cloud Infrastructure
- Automation & Digital Tools:** Zapier, Google Workspace, Notion, Trello
- AI Tools:** Generative AI, AI-Assisted Data Analysis, ChatGPT, Canva AI
- Other:** GitHub

Soft SKILLS

•Technical Documentation •Presentation Skills • Communication
